Experience:

- **Alberto Clocks** is an e-commerce website that sells all kinds of watches, including those for men, women, and kids. Users can register, choose their favorites, add them to their cart, and make purchases using card payments or cash on delivery. The inventory of watches, customer orders, and other related tasks are managed through the website admin dashboard
- **Best Eye Wear** is an e-commerce website that sells all kinds of glasses, including those for men, women, and kids. Users can register, select their favorite items, add them to their cart, and purchase them using either card payment or cash on delivery. The inventory of glasses, customer orders, and other related aspects are managed through the website admin dashboard.
- **Baby Shop Hub** is an e-commerce website designed to help parents and caregivers find and purchase a wide range of infant products, from diapers and baby food to clothing and toys. Users can register themselves, browse their desired products, add them to cart, and buy using card payment or cash on delivery. Products, users, and orders are managed from the website admin dashboard.
- **ARS** Airlines Reservation System is a software application designed to assist users in checking flight schedules, seat availability, ticket prices, and facilitating actions such as blocking, reserving, cancelling, and rescheduling tickets. All these functions, including confirming, cancelling, and rescheduling tickets, are managed from the system admin dashboard.
- Landing Page for a **new Hospital** using WordPress to display open and close dates and times, doctors' availability, and other pertinent information.
- **HUZZ** is a Shopify dropshipping store that sells a wide variety of home decoration products in both international and local markets.
- **ArtZone** is a Shopify store selling digital products in high-resolution PNG format. They offer Digital Wall Art in various sizes. Users can purchase, download, print, frame, and use the artwork as Wall Art.

Key Achievements:

- Built Responsive Websites: I bring Photoshop and Figma designs to life, transforming them into fully functional and responsive websites that adapt perfectly to any device.
- Enhanced User Engagement: I create captivating user experiences by designing modern websites that incorporate engaging animations to keep visitors hooked.
- Delivered on Time & Exceeded Expectations: I consistently deliver high-quality projects ahead of schedule, ensuring they meet and exceed all client specifications and requirements.
- E-commerce Expertise: I successfully developed a comprehensive Shopify store within a tight deadline, showcasing my ability to deliver results quickly and efficiently.

Technologies used:

HTML, CSS, JS, React JS, Bootstrap Tailwind CSS, Framer Motion, WordPress, Shopify, Figma.
